OTHER BUSINESS

ADJOURNMENT

PROCLAMATION

- WHEREAS:** In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees; and
- WHEREAS:** this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska; and
- WHEREAS:** Arbor Day is now observed throughout the nation and the world; and
- WHEREAS:** trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce oxygen and provide habitat for wildlife; and
- WHEREAS:** trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products; and
- WHEREAS:** trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community; and
- WHEREAS:** trees are a source of joy and spiritual renewal; and
- WHEREAS:** Dodge City has been recognized as a Tree City USA by the National Arbor Day Foundation and desires to continue its tree-planting ways.

NOW, THEREFORE, by virtue of the authority vested in me as Mayor of the City of Dodge City, I do hereby proclaim April 28, 2008, as

ARBOR DAY

in Dodge City and urge all citizens to support efforts to care for our trees and woodlands and to support our city's community forestry program, and

FURTHER, I urge all citizens to plant trees to gladden the hearts and promote the well-being of present and future generations.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the City of Dodge City to be affixed, this 21st day of April, 2008.

Memorandum

To: City Commissioners
Ken Strobel, City Manager
From: Paul Lewis, Parks & Recreation Director
Date: April 17, 2008
Subject: 2008 Fireworks Show

A handwritten signature in blue ink, appearing to be "P. Lewis", located to the right of the "From:" line.

Staff requests Commission approval to enter into contract with Wald's All American Display Fireworks for the July 4th fireworks show. The contract for 2008 is a one year deal for the July 4 display.

Wald's has provided all of the fireworks shows for the Old Dodge City event since we first started in 1998 and this will be the 11th year. They have provided well designed shows, choreographed with music that has developed Dodge City's reputation as the premier show in the region. On one or two occasions, the volunteer organizing committee has solicited proposals from other fireworks vendors, however they have consistently recommended continuing the relationship with Wald's.

The contract for this event is again \$25,000. The City provides \$5,000 from the Non-Departmental budget and the remainder is raised through other entities and private donations. Work is underway to contact past sponsors to raise the additional funds necessary for the event.

The Dodge City show is the largest display in western Kansas and local response is overwhelmingly positive. This show draws people into the community from all around the area and several thousand people line the streets and parking areas around north Dodge to view the fireworks.

Wald's has provided excellent service and provided quality displays for the event and staff recommends the contract be approved. I will be happy to answer any questions or provide additional information if needed.

Memo

To: City Commission and City Manager
From: Cherise Tieben, Assistant City Manager
Mike Klein, Supt of Public Works
Date: April 18, 2008
Re: Racetrack Electrical and Speaker System

In an effort to rectify the difficulties with the racetrack pit electrical system and the speaker wiring, staff requested through the 2008 budget \$15,000.00 to correct the systems. We are currently having difficulties getting bids which are good for more than 24 hours, due to the cost of copper. Therefore, we will be pricing and purchasing the materials and will be utilizing staff time to correct the issue. We will then only have to pay labor costs to finalize the project. It is anticipated that the total project, including material and contracted labor will not exceed \$20,000.00. In addition, due to the rapidly escalating costs of the wiring materials, we will be utilizing some of the \$15,000.00 that was budgeted to purchase additional dirt for the track. The dirt purchase will not be necessary as Mr. Beckley was able to rework the track and utilize what was available to return the track to a satisfactory condition.

If you have any questions or wish any additional information, please do not hesitate to contact Mike Klein or myself at your convenience.

City of Dodge City

Memorandum

Date: April 14, 2008

TO: Ken Strobel, City Manager

FROM: Dennis Veatch, Development Services

RE: Fema Levee Agreement

Attached for your review and approval by the City Commission is a **Letter of Agreement and Request for Provisionally Accredited Levee (PAL) Designation and Agreement to Provide Adequate Compliance With the Code of Federal Regulations, Title 44, Section 65.10 (44 CFR 65.10)**.

Also attached is a letter from FEMA dated February 19, 2008 explaining this process. The completed agreement must be submitted before May 19, 2008, for the levee to receive the PAL designation. We will then have 2 years to complete the recertification of the levee to meet the requirements of 44 CFR 65.10.

If you have any questions or need additional information, please let me know.

FEMA

February 19, 2008

Mr. Dennis Veatch
Zoning Administrator
City of Dodge City
806 2nd Avenue
Dodge City, KS 67801

Dear Mr. Veatch:

This is in regard to the Dodge City Levee shown on the effective Flood Insurance Rate Map (FIRM) and in the effective Flood Insurance Study (FIS) report for of Dodge City, Kansas. As you may know, the Department of Homeland Security, Federal Emergency Management Agency (FEMA), is in the process of producing a countywide FIS report and Digital Flood Insurance Rate Map (DFIRM) for Ford County, Kansas. This effort is being undertaken as part of FEMA's Flood Map Modernization (Map Mod) program.

As part of FEMA's effort to produce the DFIRM, it was determined that the flood hazard information presented on the effective FIRM and in the FIS report is based, in some areas, on flood protection provided by the Dodge City Levee. Based on the information available and on the mapping standards of the National Flood Insurance Program (NFIP) at the time that the FIS was performed, FEMA accredited the levee with providing protection from the flood that has a 1-percent-chance of being equaled or exceeded in any given year. This 1-percent-annual-chance flood also is referred to as the base flood.

For FEMA to continue to accredit the identified levee with providing protection from the base flood, the levee must meet the requirements of the Code of Federal Regulations, Title 44, Section 65.10 (44 CFR 65.10), entitled "Requirements of 44 CFR 65.10: Mapping of Areas Protected by Levee Systems" (copy enclosed). In accordance with 44 CFR 65.10(a), it is the responsibility of the community or other party seeking recognition of a levee system to provide the data defined and outlined within the regulation. Specifically, the design and construction data provided must be certified by a registered professional engineer or by a Federal agency with responsibility for levee design.

FEMA understands that it may take time to acquire and/or assemble the documentation necessary to fully comply with 44 CFR 65.10. Therefore, FEMA has incorporated a process into the aggressive schedule of Map Mod that, if needed, will provide you with additional time to submit all the necessary documentation. Initiation of this process can take place only if you, the levee owner, and a representative of each impacted community sign and return the enclosed agreement within 90 days of the date of this letter (before May 19, 2008). Completion and submittal of the enclosed agreement will officially request that FEMA label the levee as a Provisionally Accredited Levee (PAL) on the DFIRM and will serve as your agreement that, to the best of your knowledge, the levee meets the requirements of 44 CFR 65.10. The completed agreement must be submitted before May 19, 2008, for the levee to receive the PAL designation.

By endorsing the agreement, you agree to provide all the necessary documentation to comply with 44 CFR 65.10 before May 19, 2010. If you are unable to submit all of the documentation necessary to

meet the requirements of 44 CFR 65.10 before this date, FEMA will initiate a map revision to redesignate certain areas on the landward side of the levee as floodprone.

The levees will be labeled as PALs during the 24-month period to convey to map users that levee certification verification is underway. FEMA recommends that you, the levee owner, and the impacted communities implement outreach efforts to inform affected property owners that an assessment of the levee is underway. FEMA also encourages the purchase of flood insurance, even though coverage is not federally required.

If the documentation necessary to fully comply with 44 CFR 65.10, including an existing operation and maintenance plan and record of an on-site inspection by a registered professional engineer, is readily available, please submit the data to this office within 30 days of the date of this letter. Upon receipt of your submittal, FEMA will review the data and determine whether the levee will continue to be accredited with providing protection from the base flood.

If you have additional questions regarding the specific submittal requirements, please contact Julie Grauer of my staff, either by telephone at (816) 283-7044 or by facsimile at (816) 283-7018.

We look forward to working with you and community officials to address this important matter. If there is anything we can do to facilitate the submittal process, please let us know.

Sincerely,

Robert Bissell
Director, Mitigation Division
FEMA Region VII

LEVEE IN FEDERAL SYSTEM/PAL AGREEMENT

Letter of Agreement and Request for Provisionally Accredited Levee (PAL) Designation and Agreement to Provide Adequate Compliance With the Code of Federal Regulations, Title 44, Section 65.10 (44 CFR 65.10)

We, the undersigned, have received the letter from FEMA dated February 19, 2008, and the enclosed document entitled "Requirements of 44 CFR 65.10: Mapping of Areas Protected by Levee Systems". We understand that FEMA is in the process of providing updated flood maps for Ford County, Kansas and that the area behind the levee known as Dodge City Levee will be remapped to reflect that the levee has been designated as a PAL.

To the best of our knowledge, the levee known as Dodge City Levee meets the requirements of 44 CFR 65.10. We hereby submit to FEMA, within 90 days May 19, 2008 our agreement to provide FEMA with all the necessary information to show that the levees known as Dodge City Levee complies with 44 CFR 65.10. We understand that this documentation will be required before May 19, 2010. This information will allow FEMA to move forward with the flood mapping for Ford County, Kansas. We fully understand that if complete documentation of compliance with 44 CFR 65.10 is not provided within the designated timeframe of 24 months, FEMA will initiate a revision to the Flood Insurance Rate Map to redesignate the area as floodprone.
